BURNER™

ACTION SPRAY PAINT

Bis heute ist die BURNER™ CHROM-Qualität unerreicht. Er funktioniert bei bis zu -10°C – garantiert Overkill-Proof.
Neu: BURNER™ BLACK mit einer dicken, cremigen Rezeptur funktioniert besonders in Kombination mit BURNER™ CHROM.

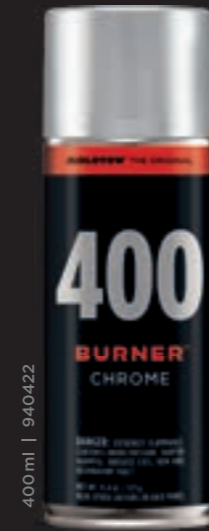

Until today, the BURNER™ CHROME quality has been unreached. The functionality is ensured even in winter, when degrees drop to -10° – no overkill guaranteed.
New: BURNER™ BLACK with a thick, creamy formula works very well in combination with BURNER™ CHROME.
