ONE4ALL™
TESTED ON
199+ SURFACES

 MADE IN GERMANY

ONE4ALL™ COLOR SYSTEM ON 199+ SURFACES

Das ONE4ALL™ Acryl-Farbsystem ist ideal für Graffiti-Anwendungen. Neben dieser Kernkompetenz lässt sich das ONE4ALL™ Acryl-Farbsystem für dekorative Zwecke auf fast allen Untergründen anwenden – genau genommen auf über 199. Vor der Bemalung eines Untergrundes sollte dieser an einer unauffälligen Stelle auf Eignung getestet werden. *Wir haben das getestet! Mittels der von MODULOR zur Verfügung gestellten Musterkiste, deckte der Test nahezu alle gängigen Untergründe ab. Benutzt wurden ONE4ALL™ Sprühdosen und ONE4ALL™ Marker.
Eine falsche Vorbehandlung, unsaubere Untergründe und eine häufige Beanspruchung dieser, können zu Qualitätselosbußen und reduzierten Farb-eigenschaften führen.

The ONE4ALL™ acrylic color system is ideal for graffiti applications. Besides that, the ONE4ALL™ acrylic color system works on nearly all surfaces for decorative purposes – more precisely: on 199 surfaces. Before painting a certain surface, it is necessary to test the desired paint on a hidden spot. *We tested this with a ONE4ALL™ marker and spray can, by use of "Musterkiste" from MODULOR, that includes almost all common surfaces.
A wrong pre-treatment, an unclean surface or a frequent use of the painted item can cause a loss of quality and/or a reduction of the color characteristics.

KUNSTSTOFF, GUMMI PLASTICS, RUBBER	04 - 08
VERBUNDSTOFFE COMPOSITES	08 - 09
HOLZ, BAMBUS, KORK WOOD, BAMBOO, CORK	09 - 10
PAPIER, PAPPE, KARTON PAPER, CARDBOARD, PAPERBOARD	10 - 17
METALL METAL	18 - 20
TEXTILIEN, LEDER TEXTILES, LEATHER	20 - 22
KÜNSTLER- UND GALERIEBEDARF GALLERY AND ARTIST SUPPLIES	23
MODELLBAU MODEL MAKING	23 - 24
